

Ural Radio Engineering Journal

2022, Vol. 6, No. 2

CONTENTS

- Belyaev B.A., Larkov A.A., Bal'va Ya.F., Shabanov D.A., Shumilov T.Y.* Miniaturized high selectivity bandpass filter based on hairpin two-conductor stripline resonators 129
- Kuvshinov O.A., Plokhikh O.V.* Application of Software-defined radio in communication systems 140
- Denisov D.V., Noskov V.Ya.* The influence of a metal rod inside a spherical Luneberg lens on its characteristics 160
- Saidov B.B., Telezhkin V.F., Gudaev N.N., Bagaev V.N., Devyatov M.A.* Development of equipment for experimental study of digital algorithms in nonstationary signal processing problems 186
- Zaikov K.D., Anikin A.S., Yarkov K.A.* Methods for calculating scattering matrices of analog path of active phased array antennas 205
