
TABLE OF CONTENTS

INDUSTRIAL AND CIVIL ENGINEERING AND ECONOMICS

Z. V. Belyaeva, A. V. Polukhina

Requirements for block elements for modular construction 0902001

D. A. Kononov, E. V. Karlova, Z. V. Belyaeva

Some problems of determining the wind load on lattice spatial structures 0902002

A. D. Kostin, M. Yu. Ananin

The design solution of the hotel in Sochi, taking into account the seismic hazard
of the area 0902003

N. S. Davydov, V. I. Yamov

Review of modular construction in Russia: trends, tasks, prospects 0902004

ARCHITECTURE AND URBAN PLANNING

A. R. Nurieva A.R., N. P. Nikitina

Functional, technological, constructive and compositional solutions
of ski complexes 0902005

E. V. Leontiev, L. V. Bulavina

Urban planning characteristics of the areas affecting on the frequency
of using private transport 0902006

DIGITAL TECHNOLOGY IN CIVIL ENGINEERING AND ARCHITECTURE

I. S. Karimullin, E. A. Kozhemiako, V. N. Alekhin

Implementation of building informational modeling in designing
multi-story modular building 0902007
